Meet The Designer

Created in collaboration with Julie Ingham

A leading British designer, Sussex-based Julie Ingham specialises in the creation of distinctive prints for homewares and fashion. One half of creative design duo Jules and Ginny, Julie Ingham's hand-illustrations have appeared in books, giftware, tableware and fabrics.

A celebration of the decorated and coloured ceramics of bygone eras, Bespoke by Burlington takes Julie's pattern and illustration work to the bathroom. Drawing inspiration from classic colour palettes and botanical design the collection offers an elegant and personalised take on classic bathroom décor.

The Colours Collection

Distinctive and undeniably striking, the new colours within the Burlington Bespoke collection provide the ultimate opportunity for originality within the bathroom. Inspired by the bolder colours synonymous with the early to mid 1900's, Confetti Pink, Alaska Blue and Moon Grey introduce a playful and contemporary twist to traditional ceramics.

Presented across select pieces in Burlington's comprehensive collection of WCs and Edwardian basins, the pieces promise to make an impressive statement within any modern-day traditional bathroom interior.

Moon Grey

Subtle yet distinctive, the Moon Grey ceramics introduce a subtle approach to incorporating colour into the bathroom. A soothing and elegant shade, the sophisticated tones of the soft grey perfectly complement the characteristic shapes of Burlington's Edwardian ceramics, resulting in bathrooms that are as timeless as they are stylish. Whether teamed with period panelling and statement wallpaper or with warm rustic terracotta tones, the classic appeal of Moon Grey is guaranteed to create a bathroom with effortless, traditional charm.

Alaska Blue

Inspired by the coloured suites of the late 1900s, the cool and contemporary Alaska Blue ceramics demonstrate how to bring colour into the 21st century traditional bathroom. Sophisticated yet bold and beautifully daring, Alaska Blue offers a twist on a classic vintage bathroom style. A refreshing yet refined shade, the crisp and confident tones of the ceramics will pair effortlessly with modern, pastel inspired colour palettes or a bold wallpaper scheme.

Confetti Pink

Paying homage to the mid-century era, the confident blushing shade of Confetti Pink strikes the perfect balance between authentic traditional style and characterful contemporary design. With a bold nod to a retro aesthetic, three of Burlington's Edwardian basins and a selection of WCs are available in this rose-tinted hue resulting in a distinctly unique and modern take on the classic bathroom. Whether paired with a corresponding blush palette and contrasting black accents, or teamed with a neutral backdrop, the Confetti Pink ceramics promise to add a striking look to your colour scheme.

The Decorated Collection

Floral

Presented across four diverse hand-illustrated designs, the Floral range of decorated pieces within the Burlington Bespoke collection expresses various ways of incorporating nature into the traditional bathroom. Showcasing the versatility of each of the unique floral patterns, the collection ranges from bold and vibrant palms to delicate blossoms and greenery, and is available across a selection of Burlington's Edwardian basins, pedestals and various WC styles.

Oriental Blossom

A hand painted watercolour floral piece, the Oriental Blossom pattern wanders across Burlington's traditional ceramics in a natural, graceful way. Featuring soft and translucent colours with hints of real gold, the elegant bespoke design offers a true feeling of uniqueness, as the pattern is applied by hand to each individual piece. With a delicate nod to the design featuring on the base of the pedestal and foot of the WC, Oriental Blossom is guaranteed to add a subtle floral sophistication to any bathroom suite.

Country Meadow

Soft blues, greens and neutral greys combine harmoniously in the Country Meadow design. Instilling a freshness with a botanical style, the details and intricacies of the design complement the classic shapes of the Edwardian basin design with a nod to the subtle design on the base of the WC, bringing a gentle hint of nature inspired beauty into the bathroom.

Spring Forest

Derived from a desire to capture people's love of greenery in the bathroom, Spring Forest strikes the perfect balance between delicate floral design and a contemporary colour palette. Inspired by the deco tiles found in 1930s bathrooms, the graceful pattern of green and grey foliage has been purposefully hand drawn to look as though it has fallen randomly over the ceramic piece, in a very natural setting. The result is a unique design that will enhance traditional bathroom suites of all types.

A true statement piece, the Botanical Pink pattern promises to bring a new lease of life to the modern-day traditional bathroom. A fun and playful twist on floral design, the vivid hand-illustrated fuchsia palms contrast beautifully against Burlington's crisp white ceramics. Whether used as a colourful focal point in a neutral setting or paired with equally vibrant shades and gold finishes, the Botanical Pink pattern brings a new and unique meaning to floral design.
