Burlington®

Burlington enables homeowners to create bathrooms with the authentic forms and finishes from pivotal periods of design but made to modern quality and performance standards.

Burlington brings the finest quality complete traditional bathroom ranges with genuine and inspired designs from the late 19th Century through to the 1930s. In an age of minimalism and stark, functional spaces, Burlington offers a sanctuary for those who seek the comfort, familiarity and reassurance of more traditional styling. Burlington’s collections include everything you need; brassware, ceramics, furniture, baths, shower enclosures, towel radiators and accessories.

ELEGANT EDWARDIAN

Classic. Soothing. Refreshing.

Famed for their restorative properties, Edwardian design took inspiration from the styles of the previous centuries whilst focusing on making comfort a high priority. Warming neutrals lay the perfect foundation with their soft, balanced hues helping to create a lighter cosy homeliness. A perfect pairing with expressive coloured tiles or patterned wallpaper, Edwardian style provides complete contentment without having to compromise on a look that dates.

OPULENT VICTORIAN

Decorative. Characterful. Ornate.

Discover the delightful details of Victorian design, whether you are looking to restore your home to full Victorian splendor or you want to add some character to your modern home. The Victorian era was all about mixing and matching styles to create an impactful interior, be inspired by the distinct style of this era and make your own modern day statement. Our Victorian products are the perfect partner for patterned wallpapers with rich colours or light and airy interiors alike.

A MODERN TWIST

Contemporary. Time-honoured. Everlasting.

Known as the principles of art; balance, harmony and proportion are often cited within classic bathrooms inspired by eminent eras such as Victorian, Edwardian and Art Deco. Defined by symmetry, soft corners and structure, classic bathrooms maximise comfort by combining traditional design with modern-day elements. Whether you love the look of traditional or prefer the modern feel, our contemporary collections unite form and function for elegantly refined designs.

CHALFONT CHIC

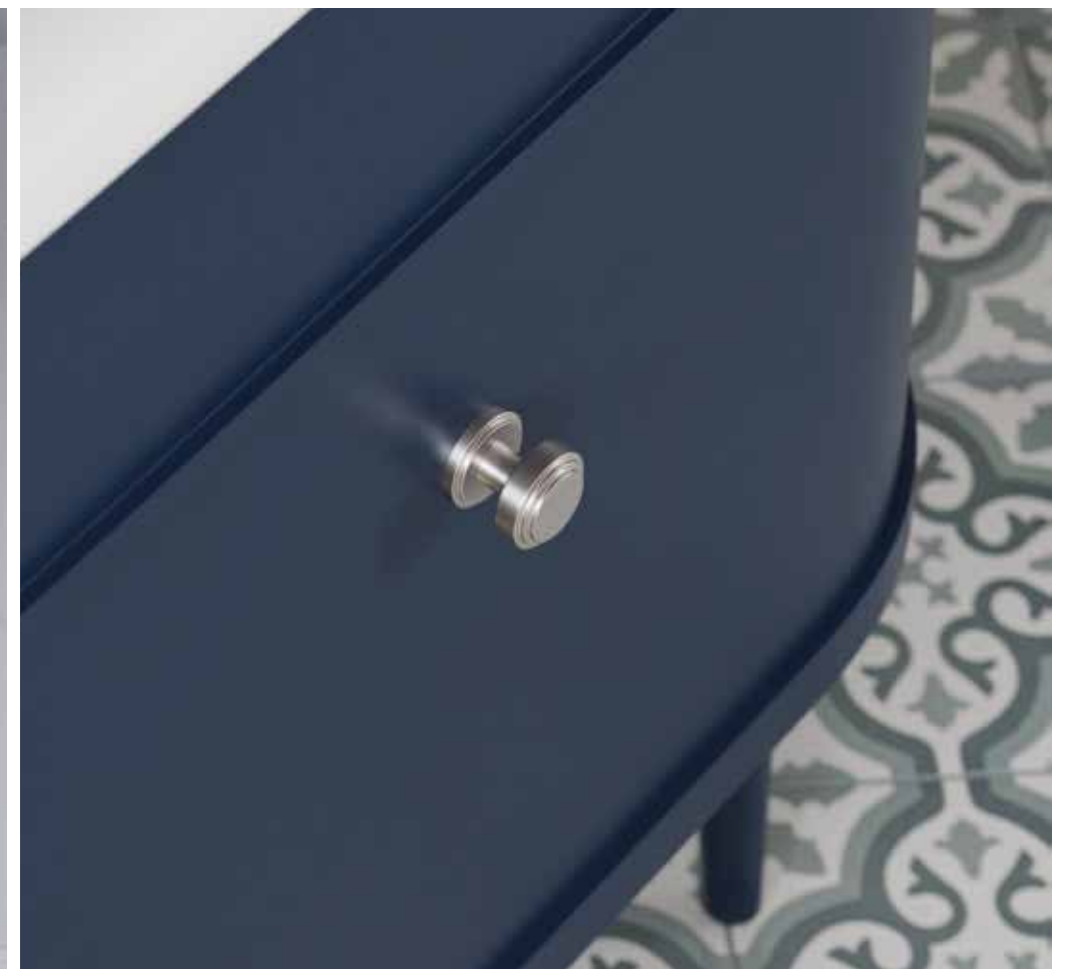

Original. Timeless. Iconic.

A seamless blend of classic and contemporary, modern traditional bathrooms unites extraordinary eras of design to instil newfound comfort. Revolving around an assortment of textures, colours and styles, modern traditional bathrooms can be as classic or contemporary as desired to match individual preference. Beautifully paired with Chrome, Gold or Brushed Nickel, modern traditional bathrooms create design freedom with a look that lasts.

ICONIC RIVIERA

Lavish. Luxurious. Exclusive.

Created in collaboration with Christian Booth Design, the Riviera Collection reignites the spirit of the 1920s with a curated selection of ceramics, vanity units and brassware. Drawing on the extravagance of the Mediterranean coasts, Riviera balances clean lines, geometric shapes and decorative embellishments to bring Art Deco designs into homes of today. Faithful to the original and entirely transitional, the Riviera Collection seeks to unite glamour, style and luxury in one comprehensive collection to inspire an Art Deco bathroom unlike any other.

WCs

The widest range of traditional WC options to suit your installation and match the exact look you want. Available in White with finish options of Chrome, Gold and Brushed Nickel flush pipes.

PAN OPTIONS

Choose between Standard or Regal WCs with an option of Rimless pans available across a number of our products.

Regal

At Burlington we've created a range that's taller than average sanitaryware. Regal WC pans are 60mm higher than the standard option.

Standard

Our standard WC offers a pan that is 420mm with a box rim. A popular choice for creating a traditional look in your bathroom.

Rimless

The rimless WC is exceptionally easy to keep clean. Its powerful flush covers the entire bowl, making it the most hygienic option.

STYLE OPTIONS

Burlington has a wide range of WCs options. Select your style below.

QUALITY

For peace of mind our WCs have the following benefits.

All Burlington close-coupled WCs are supplied with dual flush WRAS fittings.

All WCs have a unique stay-clean NANO Glaze coating, creating an ultra-smooth surface, six times smoother than standard ceramic.

All Burlington WC fittings are factory set at 3L and 6L flush. They can be adjusted on site to flush at 2½L and 4½L.

GUARANTEES

*The lifetime guarantee is subject to online registration and represents the perceived lifetime of the product which is 25 years. For full details on guarantees please visit burlingtonbathrooms.com/guarantee.

REGAL WCs

At Burlington we've created a range that's taller than average sanitaryware. Regal WC pans are 60mm higher than the standard option.

At 480mm high the taller WC pan ensures the knee angle remains at approximately 90 degrees whilst in use, which is the correct seating position. The taller WC provides a more comfortable use for taller people and the elderly whilst ensuring your WC is functional as well as beautiful too.

A photograph of two regal WC models side-by-side. The taller model on the left has a height measurement of 480mm indicated by a dashed line. The shorter model on the right has a height measurement of 420mm indicated by a dashed line.

BASINS

From large double basins to compact cloakroom options, Burlington offers a wide range of basins with many styles and sizes perfectly formed to suit your traditional bathroom.

STYLE OPTIONS

Burlington has a wide range of Basin options. Select your style below.

Classic

The Classic collection from Burlington is beautifully formed, available in rectangular or square designs, complete with an invisible waste option.

Edwardian

The Edwardian collection is the ultimate in traditional bathrooms with structured corners and angular designs, the feel is unapologetic and proud.

Victorian

Delicate and refined, the simplicity of this basin is stunning whilst its versatility allows you to continue the style through your home and brings an air of luxury.

Contemporary

As the name suggests, the Contemporary collection is styled on the elegance of past times but with a modern day twist. Simplistic, structured lines form the basis for this striking ceramic collection.

Contemporary Upstands

The Contemporary Upstand collection offers a classic structured look with a modern twist, combining a classic upstand with the clean lines of a contemporary basin.

Cloakroom

A choice of traditionally designed cloakroom basins to achieve a consistent look throughout the home.

ADDITIONS

Some of our washstands have the option to add additional features including a towel rack or rail.

Towel Rails

Towel Racks

REGAL

Burlington Regal pedestals and washstands are higher than standard, making them more comfortable for taller people, the elderly or those prone to back pain.

	Standard	Regal

Br. Nickel: B15* + T49A BNKL

Available with a Regal washstand. See page 89 for more details.

Classic 650mm Rectangular Basin with Invisible Overflow

With Chrome Washstand
W: 650 **D:** 575 **H:** 860
Codes: B14 2TH + T49A CHR

With Pedestal
W: 650 **D:** 575 **H:** 860
Codes: B14 2TH + P6

Invisible Overflow & Waste
W: 74 **D:** 74 **H:** 300
Code: W9

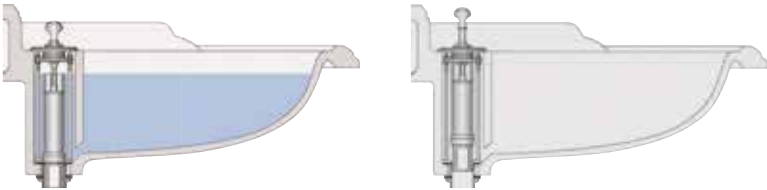

Available with a Regal washstand. See page 89 for more details.

* Available with 1, 2 or 3 tap holes. To order the correct basin configuration replace * with 1TH, 2TH or 3TH.

INVISIBLE OVERFLOW WASTE

Available with the Classic collection as a two tap hole configuration. The benefit of invisible overflow is that the ceramic of the beautiful basins is un-interrupted with no requirement for a plug or external waste. Simply pull the lever to drain water. Pair with the elegant and beautiful Arch basin mixer allowing you to mix hot and cold water. See page 36 for an example.

FURNITURE

A range of beautifully traditional furniture solutions to add classic style and sophisticated British elegance to your bathroom. Choose from freestanding in either square or curved design, cloakroom or fully fitted options to create the most functional space to suit your individual needs.

KEY FEATURES

Our furniture solutions are made from the finest materials and offer innovative features and smart details. Perfectly suited for the bathroom environment.

Freestanding

Chalfont

Riviera

The plinths of the freestanding furniture are crafted from a waterproof high density material - providing extra protection and giving peace of mind that wet floors will not lead to damage.

Available in 4 sizes and 3 colours with the design option to have wall hung or floor standing by using additional legs available in wood with matching paint finishes or in brass with a Chrome, Gold or Nickel finish to compliment the Burlington brassware ranges.

Available as floor-standing in 2 sizes and 3 colours with matching handles available in Chrome or Gold finishes.

Made from materials specifically selected to withstand the rigours of life in the bathroom where temperature and humidity can vary widely.

Each of our Classic furniture pieces are prepared with 5 layers of primer featuring UV stabilisation to minimise colour fading from exposure to sunlight. The painted top coat is then applied for a glorious depth of colour.

All of our Chalfont furniture pieces have a high quality paint finish and are prepared with 3 layers of primer featuring UV stabilisation to minimise colour fading from exposure to sunlight. Followed by 2 layers of top coat for a glorious depth of colour.

Each part is coated with five layers of primer, before the final coating is applied; this top coat is UV-resistant to reduce the effects of exposure to bright sunlight.

Unlike conventional fitted furniture, our units offer full floor to height storage providing increased space for all your bathroom cosmetics and accessories.

Chalfont furniture units pair exclusively with Burlington's natural stone roll top basins. Natural stone's beautiful and tactile appearance is also extremely hard wearing and minor scuffs and scrapes are, in most cases, easily polished and smoothed away. These basins are supplied undrilled for your preferred choice of 1, 2 or 3 tap holes.

Riviera vanity units are supplied fully assembled for simple installation, with adjustable feet to ensure stability and protect them from wet floors.

MINERVA WORKTOPS

Minerva worktops offer superior strength with a beautiful finish. Available from stock in either White or Carrara White. Why not choose from our other 11 unique decor options, available to order with longer custom delivery times (4 - 5 weeks) for the ultimate personalised look. Please ask your retailer for details on the price of the 11 additional finishes.

Minerva® Joint Kit

White: MWWH
Carrara White: MVBG
Black Granite: MVCA

Minerva Basins

Minerva basins fit perfectly with your chosen furniture unit. Should you opt for a fitted furniture look, a Minerva worktop can be chosen to fit the length of your furniture units.

Tap holes

Minerva® worktops are supplied with an integrated bowl with overflow, and no tap holes. Tap holes are drilled by the installer in the required position and configuration. A template is provided with the Minerva® tops indicating tap hole positions and sizes.

Routine Cleaning

Minerva® does not require any specialist cleaning regimes, most dirt will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided.

Staining

Minerva®, unlike marble and granite, is not porous and will resist most household chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs, wipe off immediately and rinse the area thoroughly.

Minerva® Care Kit

To restore your Minerva® work top to its original best use the Care Kit to buff out all tiny scratches and scuffs. The kit contains all the sanding / buffing materials and liquids required.

PAINT YOUR OWN

Should you wish, our Matt White furniture is supplied ready for you to paint, so you can transform your entire bathroom into your individual colour scheme. We've chosen some Farrow & Ball colours as suggestions displayed below. We recommend using a water based primer before an egg shell paint finish for the best effect.

Brinjal

BRASSWARE

Burlington brassware can be customised with a choice of 4 tap heads; Claremont, Birkenhead, Anglesey and Kensington.

We supply every tap with two Neoperl devices: A flow straightener, which is for use with low water pressures and an aerator, which is for use with high water pressures.

KEY FEATURES

Burlington brassware products have a range of key features across basin and bath taps, shown below.

Swivelling Spouts

All our bath fillers and bath shower mixer spouts swivel - so you don't have the spout in your way when you shower.

Angled Mixers

All our bath shower mixers are available in an 'angled' version.

S Adjuster

The S adjuster allows the telephone handset to be positioned over the bath. The bath shower mixer can be installed with or without the 'S adjuster'.

Bridge Mixers

Our bridge basin mixer has a swivelling spout and allows you to have mixed hot & cold water, whilst using a two taphole configuration.

Normal

Burlington

Spouts

Normal: The underside of a bath spout of a normal, traditional bath tap.
Burlington: The underside of a Burlington bath tap with a Neoperl aerator.

STYLE OPTIONS

Choose from a wide range of tap head options in finishes of either Chrome, Gold or Brushed Nickel.

Gold

Brushed Nickel

Claremont

Anglesey

Birkenhead

Kensington

REGENT

Our regent base can be used on all one, two and three tap hole taps (excluding Chelsea, Stafford and CL45-QT) offering an extra 30mm of height than the standard tap base and a further 30mm away from the wall when wall-mounted.

For the full range please visit the website.

Standard

Regent

WATER PRESSURE

Our taps are designed to deliver the following maximum flows of water, regardless of the incoming water pressure:

Basin taps: 13L per minute

Bath tap: 14L per minute

Bath shower mixer: 22L per minute

Normal tap

Water flow in a normal traditional tap.

Low pressure

Low pressure water flow with a Burlington tap using a flow straightener.

High pressure

High pressure water flow with a Burlington tap using an aerator.

Finish Options

A collection of our brassware is available in 3 distinct finishes.

These can be matched across the whole of the Burlington collection to create your perfect bathroom.

TAP HEAD OPTIONS

Choose from a wide range of tap head options in finishes of either Chrome, Gold or Brushed Nickel.

All our tap heads are available in Chrome as standard.

Claremont: The Claremont tap head is also available in Gold and Brushed Nickel.

Kensington: The Kensington tap head is available in Chrome only.

Birkenhead: The Birkenhead tap head is available in Chrome only.

Anglesey: The Anglesey tap head is available in Chrome only.

When ordering your **tap style** add the correct code to the start of the tap code:
Claremont add CL
Anglesey add AN
Birkenhead add BI
Kensington add KE

Examples:
CL6-QT
AN6-QT
BI6-QT
KE6-QT

To select an **alternative finish** add the below to the end of the code:
Gold add GOLD
Brushed Nickel add BNKL

Examples:
CL6-QT
CL6-QT GOLD
CL6-QT BNKL

Visit our website to view all the collections.

THERMOSTATIC

Match your basin, bath and shower with the convenience and safety of thermostatic controls for your bathroom.

Three tap hole basin mixer with pop up waste
Chrome: CL29

Bath shower mixer deck-mounted with 'S' adjuster
Chrome: T2DB

Thermostatic two outlet twin control bath shower mixer valve
Chrome Ceramic
Deck: BT2DS+V16
Deck: BT2DS+V17
Deck: BT2DS+V60

Safety

We use Vernet wax capsules throughout our thermostatic brassware and showering valves, meaning temperature when in use will not vary by more than + 1 degrees.

STAFFORD

The Stafford collection cannot be paired with any other tap head options and is only available in quarter turn.

Stafford bath pillar taps
Chrome: STA13-QT

Stafford long nose basin pillar taps
Chrome: STA12-QT

Stafford mono basin mixer with pop up waste

SHOWERING

Our range of showers provide extensive options to create a perfect showering solution. Whether you prefer showering over a bath or within an enclosure, our range of thermostatic valves offer safe and controllable showering for the entire family. Partner with a wide range of enclosure styles with corresponding trays.

KEY FEATURES

All our showers come as standard with the below key features.

One Way Water

Our non-return valves ensure the flow of water in only one direction, ensuring heating efficiency, preventing siphonage of contaminated water and keeping your shower cartridge in excellent condition for longer.

Airburst Shower Heads

By combining air and water, the pressure inside the shower head is increased. The power of a traditional shower head with up to 33% water saved.

Thermostatic Showering

Within the valve there is an automatic adjuster which maintains temperature by adjusting the flow of each supply. This is useful in guarding against the possibility of scalding. If for instance, someone flushes a WC whilst you are showering, the flow of hot water will immediately be closed down to compensate for the reduced cold water flow.

STYLE OPTIONS

Our showers are available with concealed or exposed valves.

Concealed

A concealed shower valve creates a clean finish as the valve is hidden behind the wall.

Exposed

An exposed shower valve is fitted onto the wall and has a more traditional feel.

GUARANTEES

*The lifetime guarantee is subject to online registration and represents the perceived lifetime of the product which is 25 years. For full details on guarantees please visit burlingtonbathrooms.com/guarantee.

WALK IN CONFIGURATIONS

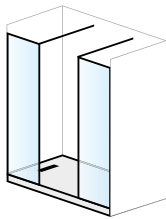

Once your have identified your space you can create your personalised showering solution; with our flexible modular glass panels, profiles and stabilising fixings the layout options are almost endless.

When choosing your configuration, we recommend you allow 500mm minimum entry space.

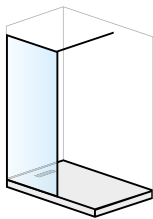

Recess

- 1 x Glass Panel
- 1 x Wall Profile
- 1 x Bracing Bar (Wall or Ceiling)

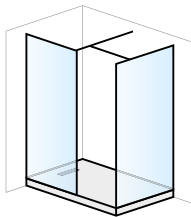

Recess with Double Panel

- 2 x Glass Panels
- 2 x Wall Profiles
- 2 x Bracing Bars (Wall or Ceiling)

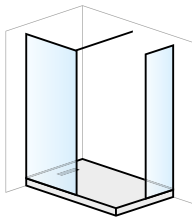

Open Ended

- 1 x Glass Panel
- 1 x Wall Profile
- 1 x Bracing Bar (Wall or Ceiling)

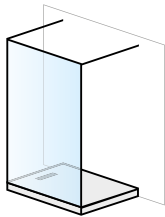

Corner with T Bracing Bar

- 2 x Glass Panels (up to 1000mm max.)
- 2 x Wall Profiles
- 1 x T Bracing Bar

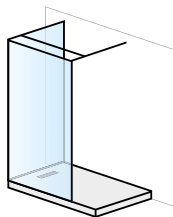

Corner

- 1 x Glass Panel
- 1 x Glass Panel (up to 500mm max.)
- 2 x Wall Profiles
- 1 x Bracing Bar (Wall or Ceiling)

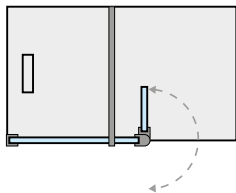

Walk Through

- 1 x Glass Panel
- 2 x Glass to Wall Bracing Bars

Glass Corner with T Bracing Bar

- 2 x Glass Panels (up to 1000mm max.)
- 1 x Wall Profile
- 1 x T Bracing Bar
- 1 x Glass to Glass Corner Seal

180° Hinged Deflector Panel

Available in 300mm, our hinged panel rotates through 180° for easier access. The colour matching hinges and clear seal give your walk in a seamless appearance.

We wouldn't recommend installing a deflector panel if you have chosen a glass to ceiling bracing bar.

- 1 x Glass Panel for Hinged Deflector
- 1 x Deflector Panel 180° Hinges (pair)

Additional Design Flexibility

The configurations shown are the most typical options; if you require something different please talk to your local bathroom specialist.

For further installation information or to find your local retailer visit burlingtonbathrooms.com

· NEW ·

WALK INS

1400 x 900 Corner Walk In with Hinged Deflector Panel - Shown with Trent Shower

- 2000mm High
- Adjustable up to 15mm from each wall
- Safety glass is 8mm thick
- Easy clean coating
- Reversible panels
- 8mm toughened safety glass to BS EN 14428
- Choice of bracing bar options
- Suitable for tray or tiled floors (wetroom)

High Flow Vortex Shower Waste

Chrome: Z1205
Gold: Z1205GOLD
